Classic or Late Model...
Du Pont New Car Wax cleans and protects the finish through all kinds of weather

Whether your car has a hand-rubbed gloss finish like this 1929 supercharged Bentley or a modest finish, Du Pont New Car Wax will give it the long-lasting protection of "Silicone Armor". New Car Wax is easy to use and combines a cleaner wax and mirror-like silicone glass.

New Car Wax cleans off dull films, restores the bright surface. Then it waxes deep to preserve the shine. Only New Car Wax offers tough "Silicone Armor" that protects the finish through months of traffic grime, salt, sand and washings. Just wipe on, wipe off, for the best and longest-lasting shine your car has ever had.

Get Du Pont New Car Wax with "Silicone Armor" protection. Available in handy 8-oz. cans. All other automotive products are sold.

EXCLUSIVE OFFER—CLASSIC 7 CARS. The 1929 Bentley shown above is one of the Classic 7 Car models from "Matchbox" Series—Models of Yesteryear. Made of durable metal, these authentic miniatures are complete down to their fine, detailed rolling wheels. They look great— are fun for play or display. Look for the Classic 7 Cars and your money-saving coupon where Du Pont No. 77 Products are sold. Use it to order any of the Classic 7 Cars you like or order the entire set and save \$3.00.

If coupons are gone, order your 1929 Bentley model by sending your check or money order for \$1.00, along with your return address, to: Classic 7 Cars, P.O. Box 29, G.P.O., New York, N.Y. 10001.

The first "MATCHBOX" catalog

Although "MATCHBOX" die-cast models have been made since 1947, the first catalog of 43 vehicles was not put together until 1957. The News letter shows how 1-2-3. The remainder will appear in the July issue.

In looking through this collection, you'll notice similarities and differences between models produced in '57 and those currently available like the old No. 4 Tractor and the new No. 30 Ford Tractor. It's all part of the "MATCHBOX" tradition to produce the most popular types of vehicles, and update them in keeping with modern design developments. We hope you enjoy looking through this collection and making comparisons between the old and new along the way. In future issues, we'll be bringing you more out of print catalogs.

'57 & 1971 CATALOGS

"MATCHBOX" Catalog is tucked inside this Newsletter. It's full and brings you right up to date on the most recent of the original 1957 catalog. The first part was printed in 1957 and the latest members of the "MATCHBOX" team. You'll find them extremely valuable in helping you select.
