

Hello Matchbox-Friends!

Sorry that there was some time between the last report and this one. As you might guess I was „busy“ – let me show you what happend in the meantime.

Lets start with 24.10.2015 and a Matchbox 1:1 wedding car ;)

You will probably understand that this took some time I normally used to spent for our hobby!

I can here the  
rumours again ...  
this is not an  
ambassador report  
as it doesnt have  
pure information on  
Matchbox ... Other  
people liked to see  
something else ... so  
lets try a mixture.

Several questions  
are with the team  
now and I will send  
reports and updates  
when we have  
answers like the  
MAN list on the right.

Other point is the distribution problem which effects Europe much more than the US. At least we did see some of the newer 5packs now in the stores. Also the „nearly cancelled“ supreme Heroes wave B models found their way to the shelves and shops. Our „#mymatchboxpegs“ campaign did help the design team in their discussions. And we all hope it will improve step by step. But it will surely work better when not only the Mattel side is pushing but as well we collectors speak to the shop managers and ask for the product to show them our needs.

Supreme Heroes of course not in european stores!

Honeymoon on Bali – Thing is still used for touristic cruises!

doomus\_rlc Is... Is this casting returning??

matchboxworld @doomus\_rlc you betcha!

matchboxamb10 Nice looking model. I have 3 other prepro Zamboni's from the 90's that would welcome a little brother!!!

doomus\_rlc @matchboxworld wooohoo!!

doomus\_rlc @thelamleygroup @theafghantwilight @jpr23 the zamboni lives!!!

davidjtiley I'm not sure how popular a casting like this will be in the UK? We are not a hockey nation & I don't think kids will know what a Zamboni is. I'm intrigued but I think I will in the minority in the UK

Still Bali – several VW T2  
 Restaurants to be found as well  
 as LandCruiser – now you know  
 why they are so popular with  
 Indonesian collectors !

Bali taxis are silverblue – the bus  
 on top connect cities in the inner  
 country side for the people – the  
 turtle stil one is a tourist mover  
 which caught my eye several  
 times during our roundtrip.

## Breaking news:

We just learned that the first batch 2016 will hold the following 2015 models ... So two new models will appear first time – a warm welcome to MB960 Malibu Marauder and the MB957 2014 Jeep Cherokee Trailhawk.

And also the recolor of the Alfa Romeo 4C will be a highlight in this batch as well is our beloved 1966 Dodge A100 Pickup.

And I learned from my Bali trip that the Toyota Land Cruiser still has lots of followers in Indonesia. I saw already green Lesney Edition version selling for over €35.-

2016	4	MB975	'15 Jaguar F-Type Coupe		Jaguar/Land Rover	2015 Collector Numbers in the 2016 first mix.
2016	16	MB862	'66 Dodge A100 Pickup		Dodge	
2016	21	MB905	Alfa Romeo 4C		FIAT	
2016	28	MB348	SCRAPER		MB Originals	
2016	37	MB704	POWER LIFT		MB Originals	
2016	40	MB924	'14 Chevy® Silverado 1500		GM	
2016	71	MB866	FLAME SMASHER		MB Originals	
2016	67	MB897	BLAZE BLASTER		MB Originals	
2016	79	MB960	MALIBU MARAUDER™	Y	MB Originals	
2016	82	MB957	14 Jeep® Cherokee Trailhawk	Y	Jeep	
2016	88	MB925	RUMBLE RAIDER		MB Originals	
2016	109	MB506	Hummer® w/ramp		Hummer	
2016	113	MB764	Toyota Land Cruiser		Toyota	

This is how  
#mymatchboxpegs  
look like on Bali!

I only found 3 shops  
on the round trip but  
they had many  
models on pegs but  
most non generic  
have gone!

Prices are around  
29.900 which is  
about 2 Euro per  
model.

More than in Europe  
esp. when you keep  
in mind that weighs  
are much lower !

Photo-Contest „Explore the world“

I did receive some pics but there is still lots of disk space left for more. Here are my takes from the last journey!

Y-13-1 Santa Fe American Loco in very rare light green colour –  
If you ever wanted to know what a light green Santa Fe looks like here is a pretty good picture of it.  
I bought mine in the late 80s which was high price time for rare MoY and it did cost 1000+ DM ;)

Costums are always welcome ... especially with MoY & DY guys that dont get new models at the moment since 2006 – I dare to show you some of my recent highlights ... if you have nice costums please send me pics and I will include them into the report.
